

## Gospel Fluency: Study #2

# Fall

## Consider...

Last time we saw that humans were created to share a perfect relationship with God, one another and the world around them. However, you don't need to be a genius to work out that something has gone horribly wrong. Most

people ignore God, we all hurt one another (to varying degrees) and whilst we admire and enjoy the extreme beauty of this world, all too often it brings us to our knees in terror and wrecking our possessions and threatening our lives.

What has gone so horribly wrong?

## Read...

1. Read Genesis chapter 3. How would you describe Adam and Eve's attitude towards God and his word in this passage?

2. Look back over Genesis 2:15-22.

a) How do these verses describe the way God has ordered the relationships between God, Man, Woman, Creation?

b) What happens to this order in Genesis 3:1-6

4. What does this disorder do to the humans' relationship with God, the world and each other (v.7-24)?

5. Read 2 Thessalonians 1:7-9. Do the consequences of a broken relationship with God end with physical death?

## Summarise...

Humanity has rejected God as King. This has **ruined** our relationships...

- with God
- with one another
- with the world around us
